

LEDVANCE VALUE HIGHBAY LED

**Traditional
Reflector
Style
Highbay**

KEY FACTS

Colour Temperature:

4000K and 6500K

Lifetime:

30,000 hours

Versatile applications:

Suitable for commercial use

System Efficacy:

100 lumens per watt

Size and Wattage:

Available in 3 sizes and 5 wattages

LEDVANCE VALUE HIGHBAY LED

The LEDVANCE Value Highbay is an efficient and reliable LED luminaire, designed for industry and commercial applications.

LEDVANCE VALUE HIGHBAY LED

The LEDVANCE Value Highbay has a unique heat dissipation design: with an air convection hole, both the aluminium reflector and plastic heat sink dissipate the heat together. The anodized aluminium reflector helps to control glare. It is the perfect cost effective solution for a one to one replacement of HID conventional luminaire.

With an operating temperature of -20°C to +40°C the Value Highbay is suitable for extra high ceiling space in industrial and commercial applications such as warehouses and factories and indoor sports venues.

- Available in 3 sizes
- Available in 60W, 80W, 120W, 150W and 200W
- System efficacy 100lm/W
- Smooth shape
- Reflector enhances light distribution, and helps reduce glare
- Double heat dissipation design, both aluminium reflector and heat conductive plastics housing dissipate the heat
- IP44 suitable for indoor applications
- Standard 6500K CCT
- High CRI >80, SDCM<5
- Long 30,000hrs lifetime reduces maintenance costs
