## TradeLED

A range of complete lighting solutions using the latest LED technology, selected just for the trade.

No one knows LED like Philips. Our technology is seen everywhere – lighting up high-profile attractions such as The London Eye and brightening countless shops, offices and hotels.

Now, for the first time, we have brought together LED solutions especially for the trade. Our products – featuring the very latest Philips technology – are easy to use and have been selected with you and your customers specifically in mind.

### Advanced

Our LED lighting solutions use the latest state-of-the-art technology. They're tailor-made for a world in which people are looking for cost-effective and environmentally friendly ways of lighting homes and businesses.

### Affordable

Because our technology uses significantly less energy than traditional lighting solutions, your customers will be able to make substantial savings on energy bills and reduce their carbon footprint at the same time.

### Simple

Our TradeLED solutions are designed to be easy to fit and use, so you won't encounter any problems with installation. It really is a question of 'plug and play'.

Up to  
**85%**  
energy saving

## Zadora MASTER LEDspot Kit

Light with more life

When you choose the Zadora MASTER LEDspot Kit, you can be sure you're getting a highly energy efficient and cost-effective lighting solution. This kit incorporates the Philips MASTER LEDlamp which lasts 40,000 hours and allows customers to save up to 85% on their energy bills when compared to halogen. In fact, owners should be able to recoup their investment within just one year.\*

The good news is there's no compromise on light quality. And the product is great for those hard-to-reach areas where maintenance costs can be high.

### Key features

- Long life – up to 40,000 hrs
- Up to 85% energy saving
- Simple retrofit, plugs into most standard light fittings

### Overall savings – total payback 1 year, 5 months\*

Light fitting with halogen lamp

£80.40 Total Fixture Cost
£2.00 Lamp Replacement
£1.00 Lamp Cost
£29.20 Electricity

Zadora MASTER LEDspot Kit

£7.22 Total Savings*
£73.18 Total Fixture Cost
£4.09 Electricity

\* Based upon 6,000 hrs burned per year; 10p per unit for electricity and £2 labour cost

## Smart Bollard LED

### Smart Bollard LED

Contemporary long lasting light for outdoor use

This superb outdoor luminaire delivers a cool white tone through three LUXEON® super bright LEDs. The Smart Bollard LED only consumes 5W, but provides lighting levels similar to conventional sources and can last maintenance free over exceptionally long periods. Our integrated wide voltage driver and cabling makes installation easy and safe.

### Application suggestions:

- Parks and gardens
- Shopping areas
- Business parks
- Guidance areas

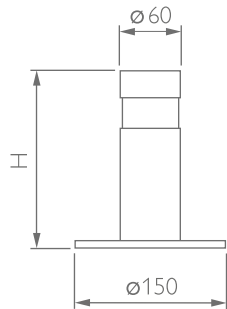

Smart Bollard LED

Key features

- Uses 3 LUXEON® super bright LEDs with glare reducing optics
- Same light levels as traditional light sources but with substantial energy savings – up to 5W energy consumption
- Long life for low maintenance
- Classic design suitable for a wide range of architectural styles
- Available in 2 heights for design flexibility

## Imageo LED Candle

The portable, wireless lighting solution

With its long-lasting glow (20 hours in total) and convenient charging base, the Imageo LED Candle is highly practical. It also produces the romantic ambiance of a real candle, but is cool to the touch and has none of the risk associated with open flames and hot wax. Place these wireless candles exactly where they're needed – even in the open air, as they are water resistant.

## Application suggestions:

- Suitable for both indoor and outdoor use (water-resistant)
- Can be placed anywhere

Key features

- Rechargeable candle lights
- Long-lasting glow (20 hours)
- Turn on and off simply by shaking
- Wireless for greater versatility
- Effectively mimics the ambiance of a candle but without the risk
- Cool to touch
