

Power Supplies & Transformers **Phaseo**

*Bring energy to your
automated systems!*

Looking for a power supply?
We have the solution!

Discover our new power supplies and transformers offer in 7 to 1440 W DC and 25 to 2500 VA AC.

Designed and adapted to correspond as closely as possible with your requirements, the wide operating range of our switch mode power supplies, together with the integration of a large number of new functions such as energy storage and diagnostics, make them the new reference in power supplies.

Since distribution networks are not always perfect, Phaseo functional modules help you guarantee service continuity in supplying the energy your machines and processes need.

Complete and compact, the new Phaseo range is your power supply partner.

Schneider Electric sums up all your expectations to provide you with the energy you require!

Simply Smart!

Leveraging **ingenuity**
and intelligence for **ease of use**
