|------------------------|-----------------------------|
| + Easy to program | + Large backlit LCD display |
| + Front cable entry | + Slim design |
| + Twin Earth Terminals | + Bright LED 'ON' indicator |

Part No: T205-C

12.5mm frame included
to allow fitting into
25mm back box

Slim Design · Easy to Program · Energy Saving · LED 'ON' Indicator

Technical Information

Display: LCD
Working Voltage: 230V-50Hz
Rated Impulse Voltage: 2,500V
Operating Temp: -5°C to +40°C
Operation: Integrated Control
Max Load:
 Resistive - 13A
 Inductive - 6A
Isolation: Double Pole Isolation
Switch
Conforms to: BS 1363-4:1995+A4:2012,
 BS EN 60730-1:2011,
 BS EN 60730-2-7:2010.
Working Environment: Indoor use only
Pollution Degree: 2

Timer Features

- + Easy set - Day / 5 Day / 7 Day blocks
- + 'Boost' & 'Advance' controls
- + 700 hrs battery back up life
- + 28 On and Off settings
