Funzionalità, versatilità ed ampia varietà di ottiche caratterizzano ITALO 1, ITALO 2 e ITALO 3: stesso design in tre differenti potenze per una serie di apparecchi progettati per illuminazione di strade urbane ed extraurbane ad intenso traffico veicolare.

ITALO è dotato di una gamma completa di ottiche in grado di ottimizzare le diverse geometrie di installazione. Comfort Light Optic™, è il nuovo sistema ottico AEC realizzato in alluminio purissimo ad alta efficienza e sviluppato per l'utilizzo della nuova tecnologia LED Multichip.

Grazie ai moduli ottici sostituibili a fine vita, la serie ITALO è garantita "Future Proof".
