

POLE MOUNT URBANSCAPE LUMINAIRES

HEDO
MITIS C
MITIS D
MITIS P

HEDO

The Hedo is a contemporary pole-top luminaire with a distinctive disc shape. This functional luminaire uses highly-efficient light sources to offer high performance but with zero upward lighting component. The broad beam distribution coupled with good uniformity allows for additional space between fittings leading to potential total cost savings.

This aesthetic design also possesses retrofit capabilities since it will easily fit many existing pole installations. For example, old inefficient light polluting spheres can be quickly and easily replaced by the Hedo. The Hedo is well suited to various recreational and residential projects as well as paths, walkways and car parks. Three versions are available featuring different lamp configurations (all come complete with integral control gear).

FEATURES

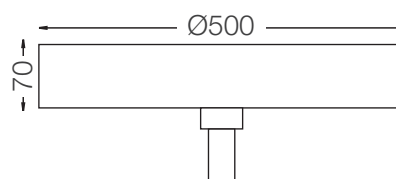

- Housing cover - pre-treated and die-cast aluminium
- Pole head - pre-treated and die-cast aluminium with adjustable steel anchoring device to fit 60mm - 76mm mounting poles
- Pure and polished anodised aluminium reflector
- Lens - impact resistant clear UV stabilized polycarbonate
- Distribution - broad and symmetrical
- Stainless steel fixings
- Fitted with automatic isolating terminal switch for safety when cover is open
- Capable of multi-lamp switching
- Available in stainless steel for special applications
- Suitable for separate lamp circuit switching.

MITIS

The Mitis Series features a range of modern pole-top luminaires which are well-suited to lighting minor roads, pathways, parks and malls. Combining aesthetic appeal and performance, the Mitis Series offers a point of difference while enhancing the beauty of the surrounds.

Three designs are available within the Mitis Series - with different sizes, shapes and light distributions. All designs utilise metal halide technology and come with integral control gear. These luminaires are very effective where intrusive light is of concern.

FEATURES

- Die-cast aluminium body, pre-treated and powder coated for durability
- Mitis C lens - clear heat tempered safety glass lens and frosted acrylic diffuser
- Mitis D lens - clear heat tempered glass lens
- Mitis P lens - impact resistant acrylic prismatic controller - not glass
- Distribution - symmetrical, forward and side throw options available
- Pole not included.

PRODUCT CODES

Mitis C supplied complete with lamp and integral ferromagnetic control gear

Code	Wattage	Lamp Type	Distribution	Finish	Diameter (mm)
210705	70	MH	Symmetrical	Black	700
210725	150	MH	Symmetrical	Black	700

Mitis D supplied complete with lamp and integral ferromagnetic control gear

Code	Wattage	Lamp Type	Distribution	Finish	Diameter (mm)
210805	70	MH	Symmetrical	Black	410
210825	150	MH	Symmetrical	Black	410

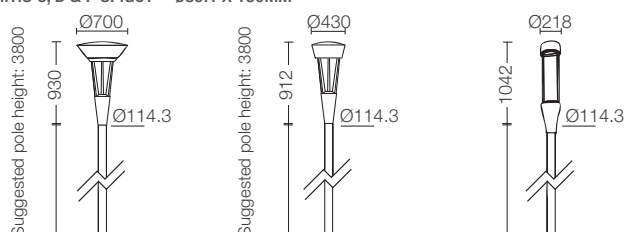

Mitis P supplied complete with lamp and integral ferromagnetic control gear

Code	Wattage	Lamp Type	Distribution	Finish	Diameter (mm)
210855	70	MH	Symmetrical	Black	218
