

KNIPEX Quality – Made in Germany

Fast, straight, smooth:
for the flush cutting of
soft materials

Also for copper conductor
rails up to 3 x 10 mm

High transmission
for easy cutting

Precision cutting edge
with minimal bevel

20° angled head

High Leverage Flush Cutter for soft metal and plastic

Simple flush cutting

High Leverage Flush Cutter
for soft metal and plastic

72

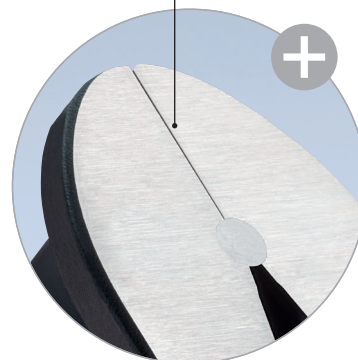

► For easy and flush cutting of soft metal or thicker profiles as well as plastic components

- > Energy saving, flush cutting also of thick workpieces thanks to extremely effective lever action mechanism with very low friction
- > Space for hands and flush cutting due to 20° angled head with joint bar on one side
- > Opening spring and locking device are integrated in the handles also for comfortable work and protected transport
- > Precision cutting edges for soft material
- > Durable due to cutting edges induction hardened to 59 HRC
- > Chrome vanadium electric steel, forged, multi stage oil-hardened

Product video

View of the back of the pliers

Materials are cut flush thanks to the almost bevel-free precision cutting edge

Copper busbars are cut cleanly and flush

Ideal for the flush cutting of plastic sprues with large diameters
