Product SKU	Fitted with	No. of Free Ways
GUEB5IP65AG	Empty	5
GUEB5MS3IP65AG	100A Mains Switch	3
GUEB563RCD3IP65AG	63A RCD	3

Built-in lock for added safety.

The unit comes with a pre-fitted lock, offering added security by preventing third-party interference, ensuring peace of mind for both installers and users.

Tough, reliable, and long lasting.

Made from die-cast aluminium, this unit offers superior strength, durability, and protection against impact and corrosion, ensuring long lasting performance in tough environments.

IP65 Protection

Sealed & secure, IP65 rated protection.

Seals throughout the unit ensure it maintains its IP65 rating, with a gasket around the front cover and main body. The lid features a seal around the devices, which compresses when shut for added protection.

Built in Security

Flexible access, customisable knockouts.

Designed for versatility, the unit features multiple knockout sizes – 20mm, 25mm, and 32mm – allowing for easy cable entry. Larger openings can be created using a hole saw, offering flexibility for various installations. This ensures a clean, professional setup while maintaining the unit’s IP65-rated protection.
