

Find your perfect apprentice in six simple steps

Nikki Cowan, Product Manager

About JTL

- JTL is the leading training provider in the building services engineering sector
- JTL was established in 1990 by the sector for the sector and became a registered charity 10 years later, being a registered charity means that every penny we receive goes back into our training
- JTL currently has more than 8,000 apprentices and works with over 3,500 employers across England and Wales
- JTL has 11 dedicated training centres and is in partnership with 100 colleges across the country
- Ofsted Grade 2 'Good' five times in a row

The importance of apprenticeships

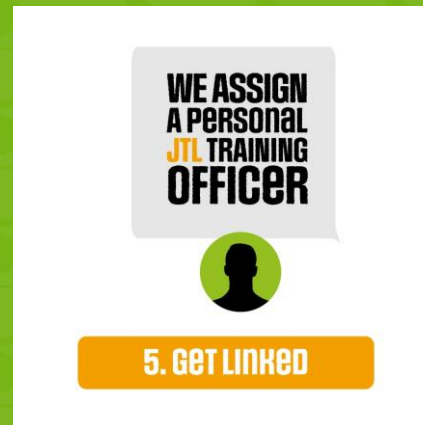

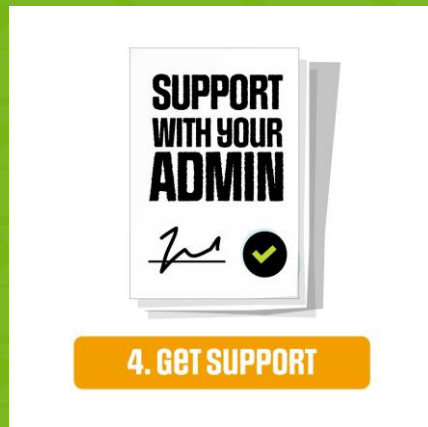

- Being able to fill the skills gaps within your current workforce and enable future planning
- Increasing productivity, improving business performance and ensuring a committed and competent workforce
- Being able to nurture and grow your own talent
- More cost effective than hiring skilled staff
- Helps to increase employee retention - apprentices are likely to stay within your business and work their way up through the company

Find your perfect apprentice in six simple steps

Find your perfect match in six simple steps
