

Fast and easy PAT testing

Test anywhere, anytime with the HPAT Series portable appliance testers

- Test appliances, mains leads and extension leads
- Small lightweight design for maximum portability
- Bright backlit display with clear PASS or FAIL indication
- Rechargeable and mains operation for maximum productivity (HPAT500, HPAT600)
- Test & Go soft carry case for HPAT and accessories
- Supports 250V and 500V voltage tests (new addition to HPAT400)

The simple solution to electrical safety compliance

HPAT400 - entry level

HPAT500 - with readings

HPAT600 - with results recall
