

New Arrivals for Demanding Environments

EV Boards

Our latest EV boards combine safety, flexibility, and durability, with select IP65 rated models built for demanding installations.

Available in White & Anthracite Grey.

Premium Lockable Enclosure Covers

Provides secure, tamper resistant protection while allowing easy, controlled access for maintenance and upgrades.

Populated Boards

Ready-populated and configurable, these boards deliver efficiency and reliability for both standard and extensive setups.

Available in a wide range of sizes, from 5-way to 44-way.

Three Phase Terminal Shrouds

Offers secure separation of live components, reducing the risk of shock and promoting compliant installations.
