P-touch Pro series. Handheld label printers

Designed for electricians and network installers working on-site, the Brother PT-E series delivers a professional labelling solution for all electrical and datacom installations.

Clear identification of cables, conduits, switches, and sockets is essential for professionals in electrical, datacom, telecom, and security installation. The PT-E series helps ensure your labels are long-lasting and durable, even in demanding environments.

With built-in industry-specific functions, quick-access application keys, and Bluetooth connectivity¹, you can print custom and serialised labels directly from the Pro Label Tool app¹ – empowering you to work faster and more efficiently on the job.

¹ Not compatible with PT-E110

PT-E560BT

Built for pros. High-volume, regulation-ready labelling

Perfect for:

- ✓ Professional electricians
- ✓ Network installers
- ✓ Data engineers

- **Speed up on-site labelling** – Label cables, patch panels, and installs with ease
- **Print from your smart device** – Connect via Bluetooth and access 200+ editable wiring regs templates using the Pro Label Tool app (iOS and Android)
- **Professional label design software** – Use P-touch Editor and the Pro Label Tool app to create custom labels with logos, QR codes, and barcodes
- **Auto cutter with half-cut option** – Ideal for efficient printing and peeling of sequential labels
- **Power up** – Label for longer with a rechargeable Li-Ion battery
- **Quick label keys** – Dedicated keys for cable wraps and faceplates, plus 476 symbols speed up label creation on site
- **Print durable labels up to 24mm wide** – Choose laminated tapes – built to resist heat, moisture, and wear
- **Save and re-use templates** – Store your most-used labels on the device for quick access
- **Enjoy peace of mind** – Supplied with a 3-year warranty.

PT-E560BTVP labelling kit includes:

Label printer PT-E560BT, carry case, battery, USB-C cable, Pro Tape TZe-FX231 and TZe-S651

PT-E310BT

Print labels for cables, patch panels and more from your smart device or keyboard

Perfect for:

✓ Professional electricians

- **Speed up on-site labelling** – Label cables, patch panels, and installs with ease
- **Print from your smart device** – Connect via Bluetooth and access 200+ editable wiring regs templates using the Pro Label Tool app (iOS and Android)
- **Professional label design software** – Use P-touch Editor and the Pro Label Tool app to create custom labels with logos, QR codes, and barcodes
- **Power up** – Label for longer with a rechargeable Li-Ion battery
- **Quick label keys** – Dedicated keys for cable wraps and faceplates, plus 476 symbols speed up label creation on site
- **Print durable labels up to 18mm wide** – Choose laminated tapes - built to resist heat, moisture, and wear
- **Save and re-use templates** – Store your most-used labels on the device for quick access
- **Enjoy peace of mind** – Supplied with a 3-year warranty.

PT-E310BTVP labelling kit includes:

Label printer PT-E310BT, carry case, battery, USB-C cable, Pro Tape TZe-S641

PT-E110

Entry-level for light-duty labelling

Perfect for:

- ✓ DIY
- ✓ Home users

- **Speed up on-site labelling** – Label cables, patch panels, and installs with ease
- **Quick label keys** – Dedicated keys for cable wraps and faceplates, plus 200 symbols speed up label creation on site
- **Print durable labels up to 12mm wide** – Choose laminated tapes - built to resist heat, moisture, and wear
- **Save and re-use templates** – Store your most-used labels on the device for quick access
- **Enjoy peace of mind** – Supplied with a 3-year warranty.

PT-E110VP labelling kit includes:

Label printer PT-E110, carry case, AC adaptor, Pro Tape TZe-FX221

P-touch CUBE Pro series App-based label printers

With Bluetooth and USB connectivity, you can prepare labels in advance or update them on site using the Pro Label Tool app or P-touch Editor software with just a few taps. Quick-access templates and customisable layouts let you create compliance labels for each job, helping you leave the mark of a smart professional every time.

Compact, professional labelling for network infrastructure

Designed for network installers and data engineers who need clear, compliant identification across complex installations, the Brother PT-E920BT delivers high-resolution labelling from your smart device. Compact and app-driven, it's the smart choice for flexible, connected labelling on the go for on-site tasks, helping professionals work efficiently without compromising on quality.

PT-E920BT

Print crisp, 36mm wide labels for a wide range of applications from your smart device

Perfect for:

- ✓ Network installers
- ✓ Data engineers

- **Speed up on-site labelling** – Label cables, patch panels, and installs with ease
- **Print from your smart device** – Connect via Bluetooth and access 200+ editable wiring regs templates using the Pro Label Tool app (iOS and Android)
- **Professional label design software** – Use P-touch Editor and the Pro Label Tool app to create custom labels with logos, QR codes, and barcodes
- **Auto cutter with half-cut option** – Ideal for efficient printing and peeling of sequential labels
- **Power up** – Label for longer with a rechargeable Li-Ion battery
- **Print durable labels up to 36mm wide** – Choose laminated tapes - built to resist heat, moisture, and wear
- **Optional protective case** – BPA-CC9-900
- **Enjoy peace of mind** – Supplied with 3-year warranty.

Comes with USB cable, and Pro Tape TZe-S661

Professional labelling for electricians, made simple

Designed for electricians who take pride in doing the job right the first time, the Brother PT-E720BT delivers fast, compliant labelling from your smart device. Compact and app-driven, it's a flexible, connected solution for on-site tasks, helping professionals work efficiently without compromising on quality.

- **Enjoy peace of mind** – Supplied with a 3-year warranty.

Comes with USB cable, and Pro Tape TZe-S651

The Pro Tape range

Tapes that are tested to the extreme

Brother P-touch laminated labels have been designed to last, wherever you use them. Our laminated tape technology means our labels are designed to stick around and ensure your text is protected. With excellent resistance to water, abrasion, chemicals, fading and temperature extremes, they'll never let you down. Meaning when you label something on-site, it stays labelled.

Choose the right tape for the job

To ensure your labels stay affixed, it is important to use the correct tape for each of your labelling applications. The chart below shows you the recommended tape to use for each application.

SURFACE	WIRE AND CABLE IDENTIFICATION				GENERAL IDENTIFICATION	
	Flexible ID	Self-Laminating	Heat Shrink Tube	Flag Tape (only suitable with PT-E920BT)	Strong Adhesive	Security
Smooth surfaces	✓				✓	✓
Textured surfaces	●				✓	●
Cable wrap	✓	✓	✓			
Cable flag	✓			✓		

✓ Recommended ● Acceptable

HEAT SHRINK TUBE (Suitable for PT-E560BT and PT-E310BT only)		
Tape	Width	Recommended cable diameters
HSe-211E / HSe-611E	5.2mm	Ø 0.8mm to 3.1mm
HSe-221E / HSe-621E	9.0mm	Ø 1.6mm to 5.4mm
HSe-231E / HSe-631E	11.2mm	Ø 2.1mm to 7.0mm
HSe-251E / HSe-651E	21.0mm (PT-E560BT only)	Ø 4.2mm to 13.5mm

Pro Tape widths and colours

6mm | 9mm | 12mm | 18mm¹ | 24mm² | 36mm³

TZe Strong adhesive laminated - 8mm

For smooth, rough, textured and powder coated surfaces. With three times more strength on textured surfaces, than Brother standard tape on average.

Black on white	TZe-S211	TZe-S221	TZe-S231	TZe-S241	TZe-S251	TZe-S261
Black on transparent		TZe-S121	TZe-S131	TZe-S141	TZe-S151	
Black on yellow		TZe-S621	TZe-S631	TZe-S641	TZe-S651	

TZe Flexible ID laminated - 8mm

With specially formulated adhesive to wrap securely around wires and cables with a diameter of 3mm or larger.

Black on white	TZe-FX211	TZe-FX221	TZe-FX231	TZe-FX241	TZe-FX251	TZe-FX261
Black on yellow	TZe-FX611	TZe-FX621	TZe-FX631	TZe-FX641	TZe-FX651	TZe-FX661

TZe Self-laminating - 8mm

Provides a protective layer over the printed area for cable marking. Our cost-saving solution laminates text during printing, which means 24mm tape is suitable for larger diameter CAT6A cables.

Black on white					TZe-SL251	TZe-SL261
Black on yellow					TZe-SL651	TZe-SL661

TZe Security laminated - 8mm

When the label is peeled, it leaves behind a "checkerboard" pattern indicating the label has been tampered with.

Black on white				TZe-SE4	TZe-SE5	
----------------	--	--	--	---------	---------	--

HSe Heat shrink tube⁴ - 1.5mm

Printable tube, when shrunk down it ensures a secure fit on wires and cables. Shrink ratio 2:1.

	5.2mm ⁴	9.0mm ⁴	11.2mm ⁴	21.0mm ⁵
Black on white	HSe-211E	HSe-221E	HSe-231E	HSe-251E
Black on yellow	HSe-611E	HSe-621E	HSe-631E	HSe-651E

FLe Flag (die-cut) - 72 labels³

Die-cut non-laminated flag labels used to identify fibre optic and other types of thin cables (Ø2.0mm - 8.0mm).

	45mm x 21mm when printed, 45mm x 10.5mm once applied³
Black on white	FLe-2511
Black on yellow	FLe-6511
Black on Green	FLe-7511

¹ Not suitable for PT-E110. ² Suitable for PT-E560BT, PT-E720BT, and PT-E920BT. ³ Suitable for PT-E920BT only. ⁴ Suitable for PT-E560BT and PT-E310BT only.

⁵ Suitable for PT-E560BT only

Professional labelling solutions for electricians

Built with electricians in mind, the Brother PT-E series delivers a durable, high-performance labelling solution for all key tasks in the electrical environment.

- **Fast, efficient printing** – Speed through jobs with super-fast print output and automatic cutting
- **Bluetooth connectivity¹** – Easily connect to your mobile device and print labels via the Pro Label Tool app¹
- **Industry-ready features** – Access built-in symbols, templates, and functions tailored to electrical standards
- **Compliance made easy** – Produce clear, long-lasting labels that support wiring regulations and help ensure a professional, compliant finish
- **The right tape for the job** – Brother labelling devices are engineered for tough environments, and the labels they produce are just as resilient—ideal for safety warnings, guidance notices, and identification tags.

www.brother.co.uk/support/all-apps/p-touch-editor-6

Key features:

- Choose from ready-made label templates or create your own labels from scratch
- Customisable templates for flexible editing with over 1200 symbols and 30 plus fonts
- Easily find labels you've created in the past, or share labels to Brother label editing apps on your smartphone
- Import data from excel and other databases directly onto labels
- Straightforward barcode/2D code label creation
- Customise labels to include your company logo

Brother Pro Label Tool app

Design, preview and print durable, industry-compliant labels from your smart device. Quick device pairing and intuitive app controls enable on-demand printing, whenever and wherever needed.
